- [ ] Turn on ice machine; verify clear ice production and sanitize scoop in holder.
- [ ] POS stations logged in, drawer float counted to exactly $300.00 cash.
- [ ] Music playlist set to approved morning tempo; dining room lights dimmed to standard ambiance.
- [ ] Pre-shift line checks complete: hot well holding at >140°F, cold rail <40°F.
- [ ] Dishwasher chemical sanitizing buckets tested with chlorine test strips (50-100 ppm).

NIGHTLY CLOSING SECURITY & FOOD SAFETY CHECKLIST (10:00 PM - 11:30 PM)

- [ ] All cooking pilot lights and natural gas valves verified closed and off.
- [ ] Walk-in cooler curtains drawn shut and doors firmly latched.
- [ ] Trash compactors locked; outdoor dumpster lids secured to prevent pests.
- [ ] Draft beer tap lines capped; soda syrup nozzles soaked in hot soda water.
- [ ] Safe drop completed with dual-manager verification signature.
- [ ] Premises armed; motion detectors active and all external doors deadbolted.

MANDATORY DAILY PROCEDURE: [SOP-FOH-01] Dining Room Opening & Pre-Shift Setup Sequence

Responsibility: Shift Supervisor & Lead Server | Objective: Ensure the front of house is pristine, stocked, and aligned prior to unlocking the front doors.

1. Unlock main entrance at 10:00 AM; conduct complete visual inspection of dining area.
2. Verify POS terminals are online, receipt paper is filled, and daily specials are updated.
3. Wipe down all tabletops, banquettes, and bar surfaces with approved quaternary sanitizer.
4. Fill and inspect condiment caddies, clean silverware roll-ups, and polish water glassware.
5. Inspect restrooms: verify hand soap, paper towels, and toilet seat covers are fully replenished.
